Mrs. Lillian Snodgrass, and grand-daughter, Miss Edith Harrison, of Winchester, arrived Wednesday for a visit to Mr. and Mrs. Jos. Williams.

Misses Mary Ratcliff White, Marion Dudley White and Grace May left Tuesday for their home at Mt. Sterling after spending a week with Miss Mary Jones.

Mr. Harry Renick, of Lexington, arrived Monday as the guest of Mrs. Mattie Hawes and other relatives. His wife and children have been here for the past week.

Everybody is invited to the practical cooking and baking demonstration of the new Perfection Oil Stove at Miller & Best's next Monday, Tuesday and Wednesday.

Mr. R. L. Wilson, Jr., and family, have returned after a visit to Bath and Fleming county. Miss Wilson got in some work for herself during her absence in the Lexington Herald contest.

Dr. Josh Barnes, of Clearwater, Fla., and Mrs. John Harris and three children, of Louisville, have returned to their homes after a visit to Mr. and Mrs. W. R. Barnes.

Mr. Clarence Miller is laying a concrete bottom in the eastern of Peed & McClintock. When the cistern was dug recently a vein of sulphur water was struck at a depth of about twenty feet. It has been analyzed by several chemists and pronounced to be of excellent quality, containing several mineral properties. The firm makes the announcement that several parties will handle the matter and in about six weeks they expect to have a bottling works in operation.

Eegar, the oldest son of Mr. and Mrs. Bert McClintock, while playing near the creek above the slaughter pens Monday afternoon about 3 o'clock made of himself a hero. Jack Vaughn colored, who was playing near the creek got out into the water, and it being about 25 feet deep at that point. The current being very swift and Jack not an expert swimmer soon became involved in difficulties and had it not been for the timely aid of McClintock would have drowned. He had gone down the second time when McClintock rushed to his aid and towed him to shore as became up. When Jack was taken from the water by McClintock he was unconscious. McClintock dragged him onto the shore into a clump of weeds, covering him with weeds in order that the flies might not bother him, and then rushed up town for a doctor and other assistance. The news was first broke to some of Jack's colored friends, they rushed to the scene, but before they could arrive Jack had regained consciousness and disappeared. This created some considerable consternation until the little waif was afterwards found. McClintock is about 12 years old, a boy who is thoroughly collected at all times and never loses his head. He has been the recipient of many compliments for his heroism.

The funeral of Mr. E. P. Clarke, who died at his home Saturday, took place Monday afternoon at 3:30 at the Methodist church. Mr. Clarke was one of the most prominent citizens of Bourbon county, and it was realized by all save the family that the Baptist church, which had been announced as the place for holding the funeral, would be entirely too small to accommodate the many friends, Confederate veterans and Masons who desired to attend the funeral of this popular man. The discourse was delivered by Rev.

G. W. Clarke, of Henderson, Ky., who had been Mr. Clarke's pastor for five years while residing in Paris. It was an able discourse. In none of his comparisons did he lose sight of his subject, and he emphasized to the greatest extent the model Christian life. His personal allusions to Mr. A. T. Forsyth, of Paris, brought tears to the eyes of all the Confederate veterans.

The music by the quartette was equally good, while the touching prayer by Dr. C. C. Fisher will always be remembered by those who heard it. The services at the grave were under the auspices of the Amity Lodge No. 40, F. & A. M., Mr. O. R. Rankin officiating. The pall-bearers were A. S. Thompson, Pearce Paton, Geo. Batterton, Paris; J. F. McDaniel, O. R. Rankin and William Wright, Millersburg. All Confederate veterans were honorary pall-bearers, and there were ten of them in the procession.

Following is a list of out-of-town friends and relatives: Mr. and Mrs. J. T. Parker, Mr. Frank Armstrong, Maysville; Mrs. Abel Reese, Mrs. Sara Trigg, Miss Anna Pearce Clarke, Helena; Miss Carrie and Mary Graves, Joe and Charles Graves, Joe Clarke, daughter and son, Oakwoods; Mr. and Mrs. E. P. Clarke, Jr., Sharpburg; Mr. and Mrs. Geo. Waddell, Flemingsburg; John Allen, Ewing; Mr. and Mrs. William Roberts, Carlisle; Mrs. Ben Perry, Mrs. Charles Carroll Lee and daughter, Mr. and Mrs. O. Postal Savings Show Well.

Some interesting figures are given by the Postmaster General in connection with the working of the postal savings business being done in Kentucky, his report showing that deposits in Kentucky applied on July 1 for \$23,220 of the third issue of postal savings bonds. The applicants for these bonds number ninety-three. As an indication that the bonds are being purchased as a permanent investment, it may be noted that more than \$15,000.00 of the total amount applied for are in the registered form. Applications were received for seventy-four coupon bonds, seventeen of the \$20.00 denominations, fifty-three of the \$10, and four of the \$500. Of the registered bonds application was made for thirty-nine of the \$20 denomination, ninety-three of the \$100, and eleven of the \$500, a grand total of \$15,550 of registered bonds.

With the respect to the amount of bonds applied for, Louisville leads the other cities of the State with \$11,000, and the following in order are Newport, \$2,600; Middlesboro, \$1,900; Shelbyville, \$1,090; Mt. Sterling, \$1,000; Georgetown, \$800; Lexington, \$560; Bardonia, Madisonville, Paris, Vanceburg and Winchester \$500 each. The total amount on deposit in these cities on May 31 was as follows: Louisville \$102,647; Newport \$16,874; Middlesboro \$7,539; Shelbyville \$2,208; Mt. Sterling \$2,962; Georgetown \$829; Bardonia \$668; Lexington \$2,660; Madisonville \$2,743; Paris \$734; Vanceburg \$1,022; Winchester \$1,144. This is the third bond issue since the establishment of the postal savings system in this country.

Pooled Their Strength.

Charges that nine of the seventeen members of the County Board of Education of Pike county have pooled their strength and elected teachers in the county schools for the consideration of \$2,000, have been filed with Superintendent of Public Instruction Hamlett, and he will at once investigate the charges. Superintendent Hamlett is now certifying to the law requiring Division Boards to elect teachers in colored schools within districts having white graded schools.

STOCK, CROP AND FARM NOTES.

—Henry LeMaster sold nineteen 500-pound steers to L. C. Ashcraft, of Paris, at 5 1-2 cents.

—The Montgomery County Fair will be held at Mt. Sterling next week, beginning Tuesday.

—Four double deck cars of lambs were shipped from Paris to the Jersey City market by Caywood & McClintock, and W. H. Whaley, Jr., of Paris, W. D. McIntyre, of Millersburg, and Booth & Thomason, of North Middletown. The lambs cost 7 cents per pound.

—The great harness champion, Judge Cantrill, now the property of Roswell Eldridge, of New York, has returned to his native heath in splendid form and beauty, and is in the hands of his former owners, Brock Bros., who will exhibit him at every fair in this State and surrounding ones. Next week Mr. Brock will also take him to Frankfort, along with his handsome string of horses, including his prize-winning Golden Rainbow and his gelding, Rumping Ground.

DOULTRY

GOOD CARE IN HOT WEATHER
Constant Attention Must Be Given
That Hens and Young Chickens
Have Plenty Fresh Water.

During the spring and summer months constant care must be taken to see that the hens and young chickens have plenty of water and shade, says a writer in the Iowa Homestead. The hens cannot manufacture eggs without a liberal supply of water, as a large per cent. of eggs is composed of water. The growing flock, too, will not develop properly if half famished from thirst. This may mean no winter eggs from the pullets.

If one would take the best care of the flock he should give it fresh water in the morning and just after noon. The water that stands in a fountain very long becomes stale and unhealthy. Water should always be pure and the vessels clean. It is wise to keep the water vessels in the shade of the house or trees all the day.

This leads to the important question of shade. No fowls will do well in warm weather without sufficient shade. I have made it a special point to notice my hens in the summer, and I have discovered that along toward the middle of the day they will seek shelter from the sun's hot rays. They will either retire to the shade of a tree or the shelter of the poultry house. They prefer to get away from the house if they can find suitable shade elsewhere. If no trees are growing in the yard and there are no bushes or shrubbery of any kind where the flock may find shade it will be well to construct an artificial shade by setting posts into the ground, one at each corner of a parallelogram plot. Nail crosspieces to these and place boards on them. Here the hens may find retreat from the hot sun.

CHICKENS OF SUPERB BREED

Single Comb White Leghorns Grow Fast and Mature Early—Birds of Solid Color Best.

(By M. C. ROBINSON.)
For chickens that will grow fast and mature early we know of no breed superior to the Single Comb White Leghorns. You will find it much

Single Comb White Leghorns.

easier to breed birds of solid color and keep them true to types and markings than to breed the colored breeds. Stick to one breed and pure bred at that and you will get chicks all of a color and besides you will get more eggs and have much greater success in every way than you will to breed mongrels.

Unpardonable Fault.
A man should pardon everybody's fault rather than his own.—Cato.

Fined for Shooting on Highway.

Marion McCov, colored, was fined \$7.50 in Police Court, Wednesday morning by Judge E. B. January, on a charge of discharging a pistol on the public highway. McCov, it is said, became involved in a difficulty with an unknown negro, who was talking to his wife. The trouble occurred near the corner of Main and Tenth streets about eight o'clock. McCov and his wife were taken into custody about nine o'clock by Patrolman Fred Link. Other cases disposed of in Police Court were as follows:

John Daves, colored, drunkenness, \$7.50.
Wm. Wilson, colored, drunk, \$10.00.
Jas. Jefferson, drunk and disorderly, \$12.50.
John Barnes, drunk, \$7.50.
August Bedley, white, drunk, \$7.50.
John Bales, colored, drunk and disorderly, \$10.00.
Wm. Wilson, colored, drunk, \$10.00.
William McClure, disorderly, \$12.50.

Oldest Applicant for Pension.

Probably the oldest widow of a Confederate soldier applying for a pension under the new law, is Mrs. Nancy Richie, of Carlisle, widow of Henry H. Richie, who served under Major John B. Holladay, of this city, during the Civil War. Mrs. Richie is 90 years old, and appeared before County Clerk Suggs for application blanks.

Committee Named to Buy Road Machinery.

At a special meeting of the Bourbon Fiscal Court Tuesday morning, a committee was appointed to purchase machinery to be used in road construction.

By the unanimous vote of the court it was agreed to purchase a Peerless traction engine, two cylinders, and a capacity of 20 horse-power together with five Troy reversible tractors. It is estimated the engine will cost in the neighborhood of \$1,850, and the trailers will cost approximately \$350 each. The court appointed Squires Burris and Shropshire a committee to act with County Attorney Geo. Batterton in closing the ideal for the purchase of the machinery. At the last regular meeting of the court the committee appointed to investigate road machinery reported favorably, after a trip to Columbus, O., and the matter of purchasing tractor trailers for hauling crushed rock from quarries to roads was discussed, resulting in a special meeting being called, at which the purchase of the machinery was ordered.

Foolish Waiting Contest.
An extraordinary waiting watch in which eight couples competed took part at Alessandria, Piedmont, Italy. The dancers commenced at 10 o'clock in the evening of the 25th instant and did not cease until they were compelled to do so from exhaustion. At midday on the 26th, when there remained only two couples in the contest, the jury ordered the termination of the match, which had lasted 14 hours, and Regaldi, who was adjudged champion, fainted immediately afterward.

Ought to Be Valuable.
Cauliflower is said to contain the largest percentage of phosphorus of any of the common vegetables. If its valuable constituent is in any degree comparable with its pungent odor when being cooked, it is worthy of a place in the front ranks of foodstuffs.

Why Not Try a Hammer?
What a depth of tragedy lies beneath the following heart cry, which rings out in an evening paper: Constant Reader—Can anyone tell me what will certainly remove the glass stopper in a decanter containing whisky? Several methods have been tried, but the stopper seems absolutely fixed.
